SUMMARY

Motivated Computer Science student passionate about full-stack web development and software engineering. Skilled in React, Node.js, Express, MongoDB, and REST APIs, with experience building modern web applications and SaaS projects. Quick learner with strong problem-solving and teamwork skills.

PROJECTS

Reel SaaS – Social Media Planning Platform

- Built a full-stack SaaS application for social media content planning and management using React, Node.js, Express, and MongoDB.
- Implemented authentication, responsive UI, REST APIs, and database integration.
- Developed and optimized features with the assistance of AI tools to improve productivity and development workflow.

Hotel Booking System

- Developed a full-stack hotel booking web application with room booking and user management features.
 - Used modern web technologies for frontend and backend development with database connectivity.
 - Leveraged AI-assisted development for feature implementation, debugging, and project enhancement.
-

EDUCATION

Adi Shankara Institute of Engineering and Technology (2024-2028)
B.Tech in Computer Science Engineering

Brother's higher secondary school mavandiyur (2021-2023)
Plustwo

ADDITIONAL INFORMATION

- **Certifications:** NAASCOM Digital 101-30 hours
- **Technical Skills:** Web Development: HTML, CSS, JavaScript, Database: MySQL / SQL (Joins, Queries, CRUD operations), Core Concepts: Data Structures (Basics), DBMS, OOP
- **Languages:** English, Malayalam
- **Tools:** Git, Git Hub, VS Code
- **Soft Skills:** Problem Solving, Teamwork, Communication, Quick Learning
